MC13 — FACILE

Lambl Homburger & Meyer

The design for the FACILE came about as a result of our quest to build a bridge between the product ranges we now have in the Mattiazzi collection.

We were looking for a simple (“facile”) table which can be used together with any of the collection’s chairs. So that is where the name came from, although we could have named the table “Rondine”, or more accurately “Coda di Rondine”, just like the dovetail joint which characterises this example of Mattiazzi craftsmanship.

This choice of joint was inspired by its use in furniture in our mining regions, where we noticed its unobtrusive, simple beauty. It has been in use there for centuries, often to secure the legs of small stools to the seat, because it is very precise and straightforward. Even if it seems quite simple, on our FACILE table the elegant dovetail expresses a sturdy simplicity to complement the sophistication of all Mattiazzi products, integrating the table perfectly into our collection and inviting you to pair it with matching FACILE benches or any of our chairs.
