# MC15 — QUINDICI

## Ronan & Erwan Bourollec

Introducing the newest addition to the Mattiuzzi collection: — the Quindici lounge chair. The North Italian furniture brand's third collaboration with the renowned Bourollec brothers, this is also the first time Mattiuzzi have included an upholstered lounge chair in their designs. Mattiuzzi is honoured to continue their relationship with French design duo Ronan and Erwan Bourollec, with their innovative and poetic approach to timeless and beautiful furniture.

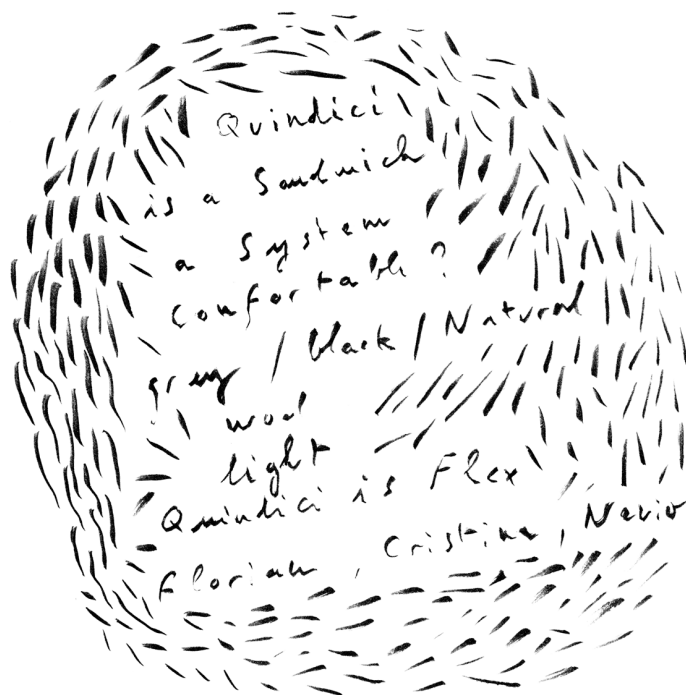

The chair comes in two styles: a simple, more upright armchair, and the more luxurious lounge version with an extra legrest. With its plain, smooth surfaces of delicate, bright ash, both versions are stylistic statement pieces. The balanced angles of the wooden plates create a minimalist, compact furniture experience.
